

HOPE UNIVERSITY COLLEGE

ADDIS ABABA, ETHIOPIA

Merry Christmas!

PROGRESS REPORT

Addis Ababa, December 21, 2010

Started sorting the books for the library.

The shelves are being put in place.

Started on the natural oxidized slate roofing for the auditorium.

The ceiling work in the auditorium will be started after finishing the roofing.

The delivered buildings waiting to be used, landscape still needs budget.

The staff residence, already in use.

We came a long way in realizing the dream of the Hope University College. The biggest part is finalized but we still have some objectives and challenges. Everything should be in place for accreditation. After all students have to sit behind a table, must be able to use computers and must have the opportunity to get a book to enrich their minds. Finishing the pupil of the eye will be like putting the crown on the project. A place where students can meet all together to become a community. Wouldn't it be fantastic if they could also wonder along a nice green campus with lawns and indigenous trees to get inspired? To realize this essential part of the dream still money is needed.

Thank you for all your prayers, cooperation and stimulation in the last year.

Merry Christmas and a prosperous new year!

Addis Ababa, December 21 2010
